with added value

creativ collection CAR-SPECIAL®
 provides unsurpassed service.

Advantages at a glance:

CAR-SPECIAL-Cloud
 The optimal vehicle search facility
 for professional lettering.

- ▶ Quick and convenient keyword search by manufacturer, model, body design, etc.
- ▶ Practical filters to easily reduce the number of hits
- ▶ Photo comparison as a visual aid to help you to select exactly
- ▶ Scalable vehicle illustrations in five views and preview with just one click
- ▶ All the important vehicle information at a glance, e.g. year of manufacture, series, body design, glazing, dimensions, etc.

Updating service
 will always keep you up-to-date.

To make sure that you can access the latest vehicle models quickly, our team is constantly checking out and drawing all the new models and variants. All the vehicles are available to download free of charge for our subscribers at car-special-cloud.de

CAR-SIGNER®
 Create a layout online with just one click.

Exclusively subscribers can create and present vehicle designs online: car-special-cloud.de

3D presentation
 Present your designs professionally.

You design your vehicles as usual, upload your design and present the finished design in 3D. You don't need any additional software. The simple, effective way to ensure professional 3D visualization: car-special-cloud.de

Free hotline
 Personal, fast and competent.

With the vast range of models and different equipment options, especially for delivery vans and vans, it's important to get a clear picture. Talk directly to the experts! Our staff will be happy to help you to choose the right vehicle and provide practical tips free of charge.

Keep an eye on vinyl costs
 with the practical fast-measuring function.

Before you even start the design work, you can find out what vinyls you need quickly and easily, check whether the vinyl strip fits the required area and what the likely material costs are.

Over 1,200 CARDECO® elements
 for professional vehicle design.

At car-special-cloud.de, there are over 1,200 decorative elements available to download free of charge, including decorative stripes, animals, flames, tribal designs and lots more.

Efficient Car-Lettering – save time and money in three steps:

All Inclusive.

CAR-SPECIAL® is the comprehensive collection of latest vehicles currently on the market:

NEW!

Professional vehicle search

The CAR-SPECIAL-Cloud is a completely new developed vehicle search facility with lots of new functions, for example:

- Keyword search by manufacturer, model, body design etc.
- Filters for reducing the number of hits.
- Photo comparison as a visual aid to help you to select exactly
- Enter the vehicle dimensions in millimetres and select the appropriate body type
- Scalable vehicle illustrations in five views.

Alternatively, you can also still find the vehicle you want in the CAR-FINDER of the new manual.

1

All current vehicles ready to hand.

All current vehicles listed in the 900-page compendium with all passenger cars, delivery vans, trucks, lorries, mobile homes, buses, coaches, trams, containers, aircrafts, two-wheelers and boats clearly structured. All vehicles with front, rear, side and roof views. Including fast measure function, design tips and useful information.

Fantastic service included!

Subscribers benefit from the updating service without any additional costs. Nearly daily new vehicle outlines are online available.

Test it online!
