Different printers, inks, resolutions and printing qualities result into numerous different printing parameters. In addition, there are numerous factors influencing processing and the application of our materials. For this reason, we cannot make specific statements as to drying times and maximum ink absorption. For this reason, we recommend you to perform own tests in order to verify the desired results. Our product specifications are not to be understood as legally binding guarantees assuring specific characteristics. Any liabilities and guarantees, as well as claims for compensation beyond the value of the product itself are excluded.

EMBLEM Trend Scrimbanner Blockout, WR

Description:

WATSBO is a nonrigid PVC banner with a water-resistant inkjet coating on the front side. It is possible to print with dye-based and pigmented inks.

You will achieve best results with pigmented inks.

Processing:

To avoid varnish run from splash water or rain, give a shower to the surplus pigments with water. The medium is qualified for outdoor application and can be eyed and sewed.

To avoid breaks, the printed banner should be furled before moving. To avoid fingerprints the use of cotton-gloves is advisable.

Application:

Exhibition Panels, Banners, Displays
